Sorry for the wild goose chase. I thought they provided one, but I guess it was only verbal.

I'll leave a placeholder for it so when it does come we can insert into Appendix B of the ESD.

I'll send a version out today that has the full PDF with Appendix B still not complete. It will at least allow the team to see the other backup information we have for the Appendices – updated ROD tables 17 and 21, updated response to NW Natural memo, cost memo and the 5 tribes letter. I've also incorporated your edits to the text provided in your email on Wednesday.

Thanks Madi for checking. Good plan. Happy to know my file /record keeping isn't worse off than I thought!

Hi Sean,

Just talked with Kevin about this. DEQ hasn't prepared a letter of support and Kevin, Davis, and Cami are coordinating on this.

Have a good weekend!

Madi

Good morning Madi,

I seem to have misplaced your email / letter in support of the iris update (I think from December). Would you mind resending that?

Thank you.
